Gunner’s Ridge

AFTER CARE MINISTRY

VISION OVERVIEW / NOVEMBER 2026

Restoring Lives. Building Futures.

Recovery is a beginning. We’re building a place where men can take their next steps with faith, practical support, and a community beside them.

OUR MISSION

To provide a structured Christian aftercare environment where men can strengthen recovery, rebuild daily living skills, and prepare for responsible independent living.

SUPPORT FOR THE WHOLE JOURNEY

01

A place to belong

Stable housing, meals, laundry access, daily routines, and personal accountability in a supportive community.

02

Faith for everyday life

Christian discipleship, fellowship, and opportunities to put faith into practice through daily responsibilities.

03

Skills for a fresh start

Literacy and GED preparation, employment sourcing and readiness, budgeting, and practical skills for independent living.

04

Help with the next step

Transportation and connections to outside healthcare, dental, counseling, and legal services, with transition planning.

Help build what’s next.

Gunner's Ridge

AFTER CARE MINISTRY

A path toward independence.

Residential aftercare is planned for up to 16 adult men. Each resident will have an individual plan, with progress based on readiness through three stages:

01 ## Stabilization

Assessment, supportive routines, and attention to immediate needs.

02 ## Development

Education, employment, budgeting, and work toward personal goals.

03 ## Independence

Housing preparation, transition planning, and continued support.

ADMISSIONS, LENGTH OF STAY & RESIDENT CONTRIBUTION

A six- to twelve-month stay is a planning assumption; progress will depend on readiness. The current plan includes an $800 monthly resident contribution. Formal admissions and hardship policies are in place.

PROPOSED FACILITIES & COORDINATED CARE

Plans include a 16-resident bunkhouse, a chapel, and an intake building with private staff living space. Gunner's Ridge will not provide medical detoxification or inpatient treatment. Clinical care will be provided by licensed outside professionals.

The ministry is in development and is not yet accepting residents. Opening depends on approvals, facilities, staffing, and funding.
